Key Insights: What We Should Do

Year 2025

HIGH 1

Reduce controllable returns

52% of returns are controllable (wrong item, not as described, defective).

ACTION

Add pick-and-pack quality checks (wrong items 20.2%), fix product descriptions (16.5%) and audit supplier quality (15.1%)

IMPACT

Est. $231K of $448K returned sales is controllable.

HIGH 2

Cap deep discounts

Lines discounted 30%+ are 7.5% of sales but earn only 11.6% margin (vs 42.5% below 10%).

ACTION

Cap discounts at 30% and require approval above 20%.

IMPACT

Est. $94.6K profit gap on 30%+ lines vs. average margin.

HIGH 3

Protect peak-season delivery

On-time delivery drops to 67.8% in Nov-Dec vs 77.8% in Jan-Oct.

ACTION

Add carrier capacity and pre-position stock before November; review WH-011, 012, 014, 007.

IMPACT

Est. 274 late orders avoidable in Nov-Dec.

MEDIUM 4

Lift Electronics margin

Electronics is 46.6% of sales but earns only 21.8% margin.

ACTION

Renegotiate supplier costs, reprice laptops and smartphones, and bundle accessories.

IMPACT

Each +1 pt of Electronics margin adds about $26K profit.

MEDIUM 5

Grow VIP customers

VIP customers spend $1,236 each vs $781 for Consumers.

ACTION

Launch a tiered loyalty program with early access for Premium customers.

IMPACT

VIP is 8.6% of customers but 12.2% of sales.

MEDIUM 6

Target coupons

Coupon orders average $427 vs $512 without a coupon (-16.7%).

ACTION

Replace blanket coupons with targeted ones (first order, win-back) and a minimum basket.

IMPACT

Used on 56.8% of orders; cuts order value by 16.7%.
